# Event Ticketing

Graphic Controls offers a wide variety of event tickets to meet your needs. Backed by 80 years of manufacturing expertise, we provide high quality prints, durable and water resistant technologies and a variety of custom security options. Whatever your need, Graphic Controls has it covered. With regional warehousing and global manufacturing, you can rest assured knowing your product is just a few days away.

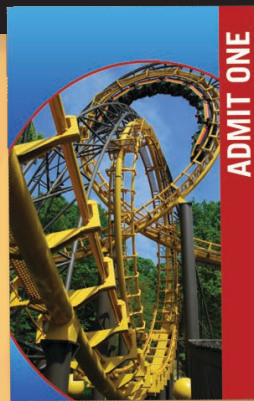

## CINEMA TICKETS

We provide custom widths, lengths and packaging options. We'll help you match the right paper grade, caliper and image life span for your needs and budget.

- Thermochromic Inks
- UV Light Visible Inks
- Coin Reactive Inks
- White on White Inks
- Fluorescent Inks
- Custom Perforations

## AMUSEMENT TICKETS

Whether you need standard, ultra durable or moisture-resistant materials, we've got the capabilities to be your single source supplier. From thrill rides to water slides, from zoos to museums, we provide advanced printing and tailor-made products to some of the world's largest players.

- Consistent high quality color graphics
- Security anti-fraud options
- Uniform branding across a full line of products

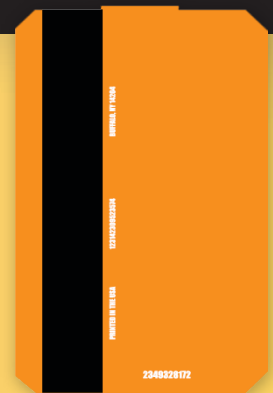

## SHARKSKIN TICKETS

More durable and water resistant than paper, less expensive than PVC Cards, SharkSkin™ feels like silk, wears like iron and provides a reusable solution for water parks, amusement parks or anywhere exceptional durability and water resistance is necessary.

- Durability & reusability
- Excellent feed-ability
- Outstanding wet rub and wet soak resistance
- Brilliant color reproduction

## PARKING TICKETS

Offering the most efficient, high quality paper designed for use in parking enforcement, and parking lot control.

Get your information across faster, cleaner and with greater accuracy. Increase your revenue by maximizing efficiency, delivering a superior product with the latest technology, when you need it most.

## Security Features and Packaging

We offer a wide variety of security options from custom perforations to thermochromic inks. It is our job to provide top of the line security features to prevent ticket fraud. Custom packaging is the standard to ensure your product works for your environment.

## Customer Service

Your satisfaction is important to us, which is why our sales and customer service teams are on hand to take care of every detail. We also offer easy-to-use web tools to design products, re-order tickets, view ship dates and check invoices.
