

Coated TITO Tickets

Let our tickets streamline your back-room operations

Graphic Controls TITO Tickets have a moisture resistant thermal coating that stands up to the elements.

We've put them to the test:

Graphic Controls Coated Tickets

- Reliable Play • Accurate Scanning • Perfect Sorting

WATER

Barcode read, and only slight reduction to image quality.

HAND SANITIZER

Barcode read, and only slight reduction to image quality.

LOTION

80% more resistant to lotion as compared to uncoated tickets.

Their...Uncoated Tickets

- Unreliable Play Faulty Scanning

WATER

Exposure to water inhibits ability to read barcode.

HAND SANITIZER

Minimal to no success reading barcode.

LOTION

Moderate deterioration when lotion was in contact with barcode.
